Executive Summary

Infinity Advanced Technology Solutions PLC formerly known as Boston Medical PLC, with offices in USA, Dubai and Ethiopia, was established in 2006. Since then, Infinity has distinguished itself as the leading medical equipment distributor and technical service provider in Ethiopia. The firm currently employs more than 75 people in Ethiopia. INFINITY continues to grow rapidly as it strives to address the growing demand for quality medical equipment, supplies and services.

With a large and underserved market, the continued growths of the business opportunities are very positive. While the countries current micro-economic environment presents challenges for business development and growth, positive changes are anticipated. We are taking pro-active steps to ensure that we will be in a position to capitalize and take full advantage of the changes.

We undertake the most complex turnkey projects in partnership with the best medical equipment manufactures in the world. Our strongest partnerships are with industry leaders GE healthcare, Karl Storz and Carestream Health with whom we have exclusivity agreements. Additionally, we have relationship with KLS Martin, Sturdy, Terumo, BenQ, SFRI, Zimmer, Boston Scientific & Better Medical.
